Memorandum

To: HCPSS Student Services
From: Colleen Morris, President
Subject: HCEA Tutor List
Date: August 16, 2019

As a benefit to HCEA members and to the community, HCEA continues to maintain tutor information and to make it available to school guidance offices.

When a parent/guardian requests a tutor, you may give them a copy of our HCEA member tutor list. Please also provide a copy of the “Parent/Guardian Requesting Tutors” memo.

For our protection, as well as the tutor’s, the school’s and the parent’s protection, it is important that they understand the limitations of the service and our responsibilities.

If a teacher who is an HCEA member wishes to add their name to the list of available tutors, please refer them to us.

We appreciate your assistance in helping facilitate this service. If you have any questions or concerns, please call HCEA at 410-997-3440.

Re: HCEA Tutor List
Date: August 16, 2019
Cc: Student Services

As a service to the members of the Howard County Education Association and to the families of Howard County students, the Howard County Education Association maintains a list of educators willing to tutor. The list will be available from the guidance offices.

It is contrary to the ethics policy of the Howard County Public Schools for teachers to tutor their own students for pay.

HCEA's only role in the tutoring process is to maintain a list of members who wish to tutor, their stated area of certification and subjects in which they will provide tutoring, and to supply names and phone numbers in response to requests.

HCEA does not screen callers requesting tutors, nor does HCEA rate or evaluate tutors. The prospective tutor supplies information regarding certification or area of expertise.

HCEA does not suggest or regulate fees.

HCEA will not take any responsibility or assume any liability for events or outcomes resulting from a tutoring arrangement.
